Forecast For Northeast England
Issued by Met Office Exeter
at 0400 on Tuesday 27 Jul 2021

++ Valid for broadcast between 0600 and 1800

Headline:
A fine, mostly sunny start. Heavy, thundery showers later. Warm.

Today:
A dry and largely sunny start. Heavy thundery showers developing by late morning, these becoming more widespread during the afternoon, with localised downpours and hail possible. Feeling very warm in light winds between any showers. Maximum temperature 25 deg C (77 deg F).

Tonight:
Heavy showers or longer spells of thundery rain continuing well into the evening. Becoming drier for a time overnight, but further heavy rain moving in from the west around dawn. Minimum temperature 10 deg C (50 deg F).

Wednesday:
Wet and cloudy at first. Turning brighter by midday, with sunny spells and frequent, perhaps thundery showers developing by the afternoon. A fresher feeling day and noticably breezier. Maximum temperature 20 deg C (68 deg F).

Outlook for Thursday to Saturday:
Often changeable and breezy through the period, with a mixture of sunshine and showers, some heavy and thundery. Feeling much cooler than of late.
